C. Pledge of Allegiance
D. Welcome

On behalf of the Board, I would like to welcome all students, staff, parents, and interested community members to tonight's Board of Education meeting. I would like to remind everyone that this is a meeting of the Board of Education held in public for the purpose of conducting the school district's business and is not to be considered a public community meeting. There is time for public comment during the meeting in the Public Participation section on the agenda.

5. Special Reports - None

6. Old Business – None

7. New Business – None

8. Board of Education Committee and Liaison Reports

- A. Lori Krenisky – Superintendent's Business Advisory Liaison – Business Advisory members met with students from the SIDE Leadership team. They gave advice on career development, how to network and how to promote themselves.
- B. Scott Fishel – Curriculum and Programming Committee; Alumni Association Liaison – No Curriculum update. The Alumni Association would like to open a PayPal account so that they can accept credit cards. Members of the Alumni Association will be walking in the St. Patrick's Day Parade on March 13. Fundraisers planned include Party in the Park July 1-3, the Duck Race with Harvey Alumni Association on October 1, and a golf outing with Harvey is being planned. Mr. Fishel gave information about the application and consideration process for the Men of Honor Scholarship. Mr. Fishel read excerpts from two articles with information about Social Emotional Learning.
- C. Tom Hach - Buildings & Grounds/Operations Committee; Legislative Liaison – The Buildings and Grounds Committee met on February 8. They discussed converting the house into space for the Maintenance Department. They talked about building a movable storage building in the overflow parking lot. Mr. Hach said he thought the snow removal contractors worked out well. Mr. Arlesic talked about the water leak at John R. Williams. No legislative update.

- D. Tom Hach - Policy Committee; Booster Organization Liaison – No Policy update. The Easter Egg Hunt will be held on April 9 at 2:00 on the front lawn at the Riverside Campus.

9. **Superintendent's Report** – Dr. Kalis gave an update on the COVID numbers in the district. Since August 26, the first day of school, there have been 802 positive cases among students and staff. Riverside's cases are still the third lowest in Lake County. The CDC rescinded the mask order on public transportation, so as of February 28, we are no longer requiring masks on school buses. Dr. Kalis gave an update on the Strategic Plan. Central Office Administrators will meet with the facilitators to finalize the plan on March 17. There will be a presentation to the Board on March 31 for approval. Dr. Kalis presented a draft of the 2022-2023 school year calendar. Mrs. Aliff published service recognition for all Riverside District employees. Mrs. Lanning spoke about mental health services for students in the district. The district currently contracts with Crossroads and Signature Health for mental health services. Students must be referred by parents, staff or an IEP.

10. **Treasurer's Report and Committee Update**

- A. Belinda Grassi – Finance/Audit and Personnel Committee; Strategic Plan Liaison – Mrs. Grassi received an update from the Strategic Plan facilitator. She said the process is going well. The Finance/Audit and Personnel Committee met on February 17. They covered all the items on the agenda. A Permanent Appropriation revision is needed due to additional funding received. The committee also discussed the difficulty they are having finding tech support employees.
- B. Mr. Platko said the boiler replacement project at LaMuth is out for bid. AT&T was added to the cell tower, so we are receiving additional money from American Tower. These proceeds are going into the Turf Replacement fund. We are in the process of purchasing three buses with the State of Ohio School Bus Grant Funding.

11. **Public Participation**

- A. Public Comment – A Painesville Township resident is concerned that there will be cost cutting measures in the new construction. He is also concerned that meetings are being held for the levy without proper public notice. He asked if the board is presenting both sides of the issue at these meetings. He is concerned that the cost of the project is outdated and materials and lead times have increased greatly since then. He cited the Concord Fire Station as an example of a project that is over budget.

Another Painesville Township resident said he believes that the board is not being transparent in their information about the levy. The community has been told the amount of the levy, but not the term. He cited the performance of the district from the state report card and believes that the district is not performing up to the state standards and has not demonstrated that the community should support a levy. Dr. Kalis responded that only Kirtland scored better than Riverside based on the 2021 performance index and overall, Riverside was third in the county on the state report card. Riverside had the most improvement for readers at risk.

A Painesville Township resident with two students in the district is very concerned about mental health and the crisis that is happening at the campus. With permission, she read part of a suicide note left by a student to exemplify the seriousness of the problem. She is concerned about the

fight that is happening in the schools because of racial slurs, harassment and bullying that occur on a daily basis.

A Leroy Township resident brought up the admissions change at Auburn. Districts were not notified of the change. He asked the board if they were going to step in and voice their opinion. He also asked where on social media the meeting notices are posted. He wants more visibility in the postings and feels there needs to be more public representation at the meetings.

A resident with two students in the district does not feel that race is an issue in the district. Critical Race Theory will continue to add to the divisiveness and will put a bigger toll on students' mental health. The district needs to be more focused on helping the students rather than programs that will continue to divide them.

A Leroy Township resident with three students in the district is against Social Emotional Learning, Critical Race Theory and any derivative of them should be completely eliminated. He spoke about dress code violations and the inconsistency of enforcement. This leads to the problem of discipline in the school and the activities that go on in the bathrooms. He brought up the school levy and said he is not opposed to providing students with the best possible resources to learn, but does not support the levy. He would like to see both sides of the issue posted on the website, more visibility of meeting notices, and a public debate to fully inform the district's residents of the ramifications of the levy.
